

California Association of Probation Services Administrators

November 8, 2024

Each fiscal year the California Association of Probation Services Administrators (CAPSA) recruits probation administrators and managers throughout the state to join or continue membership in CPOC's affiliate organization representing the Adult/Juvenile supervision and Adult/Juvenile court service areas of probation.

This year, in order to align our dues schedule with the other CPOC Affiliates, dues for Department Membership for the fiscal year 24/25 are as follows:

Large County - \$650 Medium County - \$450 Small County - \$250

Department dues cover all eligible sworn managers/administrators representing the Adult/Juvenile supervision/court service areas of probation. Once the dues are paid, any new and incoming eligible managers/administrators may join CAPSA at any point throughout the membership year.

CAPSA has continued to provide leadership development, management skills, and professional networking for probation administrators and managers throughout the state. CAPSA is committed to providing a statewide forum to share information and resources to address the changing issues facing probation. CAPSA meetings also provide an opportunity to exchange ideas and solve issues at both the regional and state levels. During the past year, departments participating in CAPSA have benefited from collaboration and information exchange on developing future leaders and managing our staff. Additionally, participation in CAPSA has allowed our members to discuss legislative and budget impacts, policy changes, programs and services information, critical details on operations throughout the pandemic, and other issues that impact probation and our roles within the criminal justice system. Annually, the CAPSA conference provides valuable training and updates on current trends and best practices in the probation field. Additionally, the personal interaction and camaraderie that our members experience at the conference facilitates the sharing of information about successful programs and applicable innovations throughout the year.

To facilitate easier payment and tracking, we have set up an automated payment link or QR code. There is the option to select pay by invoice through the link as well:
